INVESTMENT ANALYST | VALUATION | FINANCIAL MODELLING

PROFILE SUMMARY

Investment analyst with 3 years of experience in company research, financial modelling, valuation and investment-memo preparation. Interested in fundamental analysis, transaction drivers and rigorous downside assessment across consumer and industrial businesses.

EDUCATION

- NMIMS, Mumbai — MBA Finance — 2023 — 3.7/4.0
- Christ University — B.Com (Hons.) — 2021 — 8.9/10

PROFESSIONAL EXPERIENCE

Investment Analyst | Orion Capital Advisors, Mumbai | Aug 2023 – Present

- Built integrated 5-year operating models for 12 companies across consumer, healthcare and industrial sectors.
- Prepared DCF and trading-comparables valuations, including sensitivity analysis across revenue growth, EBITDA margin and terminal-growth assumptions.
- Produced investment-research briefs covering market structure, competitive positioning, management commentary, capital intensity and key risks.
- Supported investment committee materials by converting research into concise thesis, catalyst, risk and valuation pages.
- Maintained quarterly tracking of 20+ listed peers and summarised earnings changes for senior analysts.

Equity Research Intern | Alpha Research Partners, Mumbai | Jan 2023 – Jul 2023

- Tracked quarterly results for 20 listed companies and prepared earnings-driver summaries.
- Supported initiation notes through industry research, peer benchmarking and historical financial analysis.

SELECTED PROJECTS / CASE EVIDENCE

Consumer Sector Investment Memo | Excel, PowerPoint

- Built a 5-year operating model and investment memo for a hypothetical consumer business, including base, downside and upside cases.
- Analysed market size, competitive intensity, working-capital requirements and valuation sensitivity.
