CUSTOMER SUCCESS | SERVICE OPERATIONS | RETENTION

PROFILE SUMMARY

Customer success professional with 4 years of experience in B2B onboarding, issue resolution, escalation management and retention. Skilled at turning recurring customer feedback into service improvements and cross-functional product actions.

EDUCATION

- ICFAI Business School — MBA — 2022
- Osmania University — B.Com — 2020 — 8.0/10

PROFESSIONAL EXPERIENCE

Customer Success Associate | ServiceSphere, Hyderabad | Jul 2022 – Present

- Managed onboarding for 70+ B2B customers and maintained milestone tracking across implementation stages.
- Reduced average first-response time by 31% through queue triage and standardised escalation categories.
- Analysed recurring support themes and partnered with product teams on 12 documented improvement requests.
- Maintained quarterly customer-health reviews for strategic accounts and flagged renewal risks early.
- Created onboarding guides and trained 8 new customer-success associates on escalation and communication standards.

Customer Support Executive | HelpDeskPro, Hyderabad | Jun 2020 – Jun 2022

- Resolved 45–60 customer cases per day across email and chat while maintaining a 95%+ quality score.
- Created 20 internal knowledge-base articles that reduced repeat questions for frontline agents.
- Escalated high-severity technical issues with structured reproduction steps and customer impact summaries.

SELECTED PROJECTS / CASE EVIDENCE

Customer Retention Analysis | Excel

- Reviewed 12 months of churn reasons and grouped feedback into actionable retention themes.
- Built a simple risk tracker combining product usage, support volume and renewal date.
